Regulations for all participants you have to accept

With his or her registration, the player agrees to the utilisation by responsible authorities of tournament-related data and results for the generation of DWZ (German Evaluation Number) and FIDE ratings as well as to the publication of games, photos, tournament data, game reports etc.

With their tournament registration and signature, participants recognise the German Chess Federation's (DSB) statutes as binding. The principles established by the DSB statutes include the promotion of fair play in chess as well as the combat against direct and indirect use of illicit technical aids. In case of infringement, participants defer to the DSB's sanctioning powers, specifically to measures defined in the statutes' paragraphs §§ 55 to 61 and to the DSB's jurisdiction.

Players who are currently suspended or barred by the FIDE, by the DSB or one of its associated clubs are excluded from tournament participation. Moreover, the tournament host reserves the right not to allow players to participate if a reasonable suspicion exists that they might not have adhered to the rules of a previous tournament or contest as well as the right to expel players with immediate effect from the tournament if their behaviour during the tournament gives cause to suspect an infringement of rules.

The abovementioned statutes are available online at: www.fide.com/fide/handbook and www.schachbund.de/satzung-ordnungen.html
